

The Fisher Way: Curriculum

The Fisher Way aims to educate and inspire with joy, faith and love because we are an inclusive Catholic community.

Successful and resilient learners who aspire to and achieve excellence

Confident individuals who can explore and communicate effectively

Responsible citizens who are active, loving and wise in all their endeavours

Subject	Health & Social Care
Year Group	Year 9
Intent	<p>Successful and resilient learners: Provide introduction in the Development across life stages</p> <p>Confident individuals: Develop Understanding and key skills in care values and the ability to apply them.</p> <p>Responsible citizens: Will develop effective use of skills and attitudes in human growth and development along with social care service factors.</p>
Narrative	

	<p><i>All learners will have knowledge and understanding of Growth and development across life stages and the effects of factors on development. They will understand the impact of life events on individuals and how support helps people cope with change</i></p> <p><i>This builds on the work done in KS3 Science, English (literacy), RE, Maths – the skills developed in these subjects enable student to apply knowledge to case studies in the coursework and exam</i></p> <p><i>The work on growth and development, factors and life events are an important basis for understanding and application in the coursework and exam units studied Y10 and Y11</i></p>
